---

**Question: Build your professional profile on LinkedIn that effectively showcases your education, skills, experience, and professional interests. Following is required:**

**1. Create a LinkedIn Profile**

- If you do not already have an account, sign up on LinkedIn.
- Upload a professional profile picture.
- Write a compelling headline that reflects your current academic status and aspirations.
- Write a brief and engaging summary about yourself, highlighting your academic background, interests, and career goals.

**2. Update Your Profile with Relevant Information**

- **Education:** Mention your previous education and the degree you are pursuing at CUI, Lahore Campus), with expected graduation year.
- **Experience:** Add any internships, part-time jobs, or volunteer work.
- **Skills:** List at least five relevant skills related to engineering, technology, and professionalism.
- **Certifications and Achievements:** Mention any relevant certifications, projects, awards, or extracurricular activities.

**3. Build Your Professional Network**

- Connect with at least **20 professionals**, categorized as follows:
  - **10 industry professionals** (Engineers, managers, executives, or professionals from relevant industries).
  - **5 academic connections** (Teachers, professors, or fellow students from CUI or other institutions).
  - **5 other connections** (Based on your personal interest, such as entrepreneurs, researchers, alumni, or professionals from other fields).

**4. Engage with Content**

- Follow at least **5 professional organizations or industry leaders**.
- React (Like/Comment/Share) to at least **3 professional posts** related to engineering, technology, or career growth.

**5. Submission Requirements**

- Submit PDF version of your LinkedIn profile. For this, go to your profile page, click on **Resources** button, and click **Save to PDF**
- Include url of your profile at the bottom of the PDF file.
