Muhammad Ahmad

Computer Engineer

Lahore, Punjab, Pakistan

Summary

I am currently pursuing a degree in Computer Engineering with a strong foundation in technology and problem-solving. I am currently focused on database systems (DBS) and computer architecture and design. I am actively learning VHDL for FPGA development and working on MIPS-32 processor implementation. Additionally, I have experience with SQL for database management and object-oriented programming (OOP). My expertise also includes digital logic design (DLD) and data structures and algorithms (DSA). Although I am not yet employed in the industry, I am dedicated to continuous learning and skill development to build a strong foundation for future opportunities.

Experience

RAS • Robotics & Automation Society
Member
January 2024 - September 2024 (9 months)

Education

COMSATS University Islamabad
Bachelor's degree, Computer Engineering (October 2023 - June 2027)

Punjab Group of Colleges
FSc , Pre-Engineering (October 2021 - May 2023)
